Elaine and Norrie would like thank Penicuik Archers for agreeing to host this event and the competitors who came along to the competition. It was nice to see so many taking part in their first tournament .

Thanks to Liz Garrigan and Norrie McLean for taking on the role of field captains and keeping us right. Nothing new there!

**Competition:** Nine targets , three at each distance 50M, 40M and 30M which were faced up with either a 60, 80 or 122cm target face. Each archer shot 6 arrows at a target and then moved to the next target which was at a different distance with a different target face and so on until each competitor had shot the 9 targets. After completing the first round we had a short break for lunch with the process starting again with each archer shooting a further round of nine targets.

**Weather - was miserable:** Starting fair but overcast, then the rain started - drizzle, changing to heavy rain and just to end the day mist which affected visibility and the safety line - as in it was no longer clearly visible. Unfortunately this meant that the shoot was abandoned after we started shooting the 2nd round.

**Results:** Prizes were awarded to those archers who started shooting the 2nd round, however, the results shown are all based on the scores achieved at the end of the first round. The scores from the 2nd round were not included in the final results.
