

## Scottish Indoor Rankings - How It Works

The Scottish Archery Indoor Rankings works on a 12 month cycle so all the scores you shot indoors in the last 12 months count. At the end of each month, the scores shot during that month are added and the ones from the same month last year are dropped.

12 months up to:	Highest 3 scores from last season						Highest 3 scores from this season											
30 Sep 2019	Oct 18	Nov 18	Dec 18	Jan 19	Feb 19	Mar 19												
31 Oct 2019		Nov 18	Dec 18	Jan 19	Feb 19	Mar 19							Oct 19					
30 Nov 2019			Dec 18	Jan 19	Feb 19	Mar 19							Oct 19	Nov 19				
31 Dec 2019				Jan 19	Feb 19	Mar 19							Oct 19	Nov 19	Dec 19			
31 Jan 2020					Feb 19	Mar 19							Oct 19	Nov 19	Dec 19	Jan 20		
29 Feb 2020						Mar 19							Oct 19	Nov 19	Dec 19	Jan 20	Feb 20	
31 Mar 2020													Oct 19	Nov 19	Dec 19	Jan 20	Feb 20	Mar 20

The program will calculate your highest 3 scores from last season and your highest 3 scores from this season. It will then calculate the average of the best 3 scores from these 6 scores. The averages will then be ranked in descending order. Anyone with 2 scores or just 1 score will also be listed but won't have a ranking.

As there are many types of round available with different face sizes and distances, we need a way to compare the different scores. Fortunately, ArcheryGB have a set of Handicap Tables which we use to convert scores into the equivalent score for an 18m round.

The program will look up the round and score you shot, and work out it's handicap. It will then look up that handicap for the 18m round to get the equivalent score.

Portsmouth >>>> Handicap >>>> 18m  
 Worcester >>>> Handicap >>>> 18m  
 25m >>>> Handicap >>>> 18m

Recurve rankings include Barebow & Longbow archers  
 Juniors are also included in the Senior Rankings
